

## Primary Documents

Reference Ace for 2013 Title 24, Part 6 Standards	2013 Title 24, Part 6 Standards and Compliance Manuals — online and downloadable — with key word search, pop-up definitions, and hyperlinks to related sections.	<a href="http://energycodeace.com/content/reference-ace/">http://energycodeace.com/content/reference-ace/</a>
2013 Title 24, Part 6 Standards	The 2013 California Building Energy Efficiency Standards	<a href="http://energy.ca.gov/2012publications/CEC-400-2012-004/CEC-400-2012-004-CMF-REV2.pdf">http://energy.ca.gov/2012publications/CEC-400-2012-004/CEC-400-2012-004-CMF-REV2.pdf</a>
2013 Residential Compliance Manual	Explanations of the Residential requirements, examples on how to comply, and copies of the compliance and verification forms	<a href="http://energy.ca.gov/title24/2013standards/residential_manual.html">energy.ca.gov/title24/2013standards/residential_manual.html</a>
2013 Nonresidential Compliance Manual	Explanations of the Nonresidential requirements, examples on how to comply, and copies of the compliance and verification forms	<a href="http://energy.ca.gov/title24/2013standards/nonresidential_manual.html">energy.ca.gov/title24/2013standards/nonresidential_manual.html</a>
2013 Title 24, Part 6 Reference Appendices	Detailed descriptions and tables that define the code requirements, plus detailed descriptions on verification of compliance procedures	<a href="http://energy.ca.gov/2012publications/CEC-400-2012-005/CEC-400-2012-005-CMF-REV2.pdf">energy.ca.gov/2012publications/CEC-400-2012-005/CEC-400-2012-005-CMF-REV2.pdf</a>

## California Energy Commission (CEC) Information & Services

Energy Standards Hotline	The CEC's telephone hotline specifically designed to support implementation of Title 24, Part 6 and Title 20 (California Appliance Standards)	1-800-772-3300 (toll free)
Title 24, Part 6 Sub-site	The CEC's main web portal for Title 24, Part 6, including links to the Standards documents, including errata, alternative calculation method manuals, and historical information	<a href="http://energy.ca.gov/title24/2013standards/">energy.ca.gov/title24/2013standards/</a>
2013 Approved Computer Compliance Programs	Compliance Software approved by CEC for 2013 Standards	<a href="http://energy.ca.gov/title24/2013standards/2013_computer_prog_list.html">energy.ca.gov/title24/2013standards/2013_computer_prog_list.html</a>
List Server for Building Energy Efficiency Standards	Option to subscribe to different emailing lists related to energy efficiency. Includes information, notices, and other communications, and updates the CEC's efficiency-related rulemaking proceedings delivered to your inbox.	<a href="http://energy.ca.gov/efficiency/listservers.html">energy.ca.gov/efficiency/listservers.html</a>
Blueprint Newsletter	FAQs, interpretations of the Standards, and updates on code changes in the Building Energy Efficiency Standards Newsletter	Browse online: <a href="http://energy.ca.gov/efficiency/blueprint/index.html">energy.ca.gov/efficiency/blueprint/index.html</a> Subscribe at the List Server: <a href="http://energy.ca.gov/efficiency/listservers.html">energy.ca.gov/efficiency/listservers.html</a>

## California Energy Commission (CEC) Information & Services — continued

Summary of changes in 2013 Building Energy Efficiency Standards Measures	Five-page summary providing descriptions of the sections to be updated effective July 1, 2014 (Revised: March 6, 2013)	<a href="http://energy.ca.gov/title24/2013standards/2013-03-12_Changes_for_the_2013_Update_to_Building_Energy_Efficiency_Standards.pdf">energy.ca.gov/title24/2013standards/2013-03-12_Changes_for_the_2013_Update_to_Building_Energy_Efficiency_Standards.pdf</a>
Summary of changes in 2013 Building Energy Efficiency Standards Measures	Articles summarizing "What's New" with the 2013 code — in Blueprint newsletter (September – October 2013 issue)	<a href="http://energy.ca.gov/2013publications/CEC-400-2013-011/CEC-400-2013-011.pdf">energy.ca.gov/2013publications/CEC-400-2013-011/CEC-400-2013-011.pdf</a>
Educational Resources	The CEC's list of Title 24, Part 6 training	<a href="http://energy.ca.gov/efficiency/educational_resources.html">energy.ca.gov/efficiency/educational_resources.html</a>
California building climate zones	Climate zones on Google Earth, by city, and by zip code as well as climate zone weather data	<a href="http://energy.ca.gov/maps/renewable/building_climate_zones.html">energy.ca.gov/maps/renewable/building_climate_zones.html</a>
California Appliance Efficiency Regulations	Links to the CEC Appliance Efficiency Program information, including the regulations and appliance efficiency database	<a href="http://energy.ca.gov/appliances/">energy.ca.gov/appliances/</a>
Appliance database	Searchable database of appliance efficiency information, along with historical appliance data files and appliance certification resources	<a href="http://energy.ca.gov/appliances/database/">energy.ca.gov/appliances/database/</a>

## Other Information & Services

2013 Residential Compliance Software Project	Links to CBECC-Res software, Quick Start, and more	<a href="http://bwilcox.com/BEES/BEES.html">bwilcox.com/BEES/BEES.html</a>
2013 Nonresidential Compliance Software Project	Links to CBECC-Com software, tutorials, videos and more	<a href="http://bees.archenergy.com">bees.archenergy.com</a>
CEC glossaries of energy terms	Glossary of common energy terms with links to other glossaries of acronyms and terms used in the energy industry	<a href="http://energy.ca.gov/glossary/">energy.ca.gov/glossary/</a>
National Fenestration Rating Council (NFRC)	Fenestration ratings, label verification and FAQs	<a href="http://cpd.nfrc.org/search/searchdefault.aspx">cpd.nfrc.org/search/searchdefault.aspx</a>
Cool Roof Rating Council (CRRC)	Cool roof requirements, CRRC-rated products, as well as rebate and incentive programs, in specific areas	<a href="http://coolroofs.org">coolroofs.org</a>
ENERGY STAR	Information about the U.S. Environmental Protection Agency's program to help business and individual improve energy efficiency, including tips, FAQs, and product information	<a href="http://energystar.gov">energystar.gov</a>

## Professional Services

California Association of Building Energy Consultants (CABEC)	Listing of CEPes (Certified Energy Plans Examiners) and of CEAs (Certified Energy Analysts), along with information about training and certification	<a href="http://cabec.org">cabec.org</a>
CEC-approved HERS Providers & Rater directories	Latest information from the CEC regarding HERS Providers and Raters	<a href="http://energy.ca.gov/HERS/providers.html">energy.ca.gov/HERS/providers.html</a>
CalCERTS (HERS Provider)	California Certified Energy Rating & Testing Services	<a href="http://calcerts.com">calcerts.com</a>
USERA (HERS Provider)	U.S. Energy Raters Association	<a href="http://usenergyraters.com">usenergyraters.com</a>
CHEERS (HERS Provider)	ConSol Home Energy Efficiency Rating Services, Inc.	<a href="http://cheers.org">cheers.org</a>

## Training & Education

### Sponsored by Investor Owned Utilities

Energy Code Ace Learning Portal	COMING SOON: "One-stop-shopping" for training opportunities related to California Building Energy Efficiency standards and processes — including traditional classroom, virtual classroom, online self-study, and more	Check for updates under Ace Tools at: <a href="http://energycodeace.com">energycodeace.com</a>
Pacific Gas and Electric Company (PG&E)	Curriculum of energy efficiency classes offered through PG&E's Energy Training Centers	<a href="http://pge.com/mybusiness/edusafety/training/">pge.com/mybusiness/edusafety/training/</a>
	Training offered through PG&E's Third Party Program: + Builder Energy Code Training (BECT) + California Multi-family New Homes Training	+ <a href="http://bect.ws">bect.ws</a> + <a href="http://cmfnh.com/training/">cmfnh.com/training/</a>
Southern California Edison (SCE)	Energy efficiency classes and other resources available through SCE's Energy Education Centers	<a href="http://sce.com/workshops/">sce.com/workshops/</a>
San Diego Gas & Electric (SDG&E)	Energy efficiency workshops and other training opportunities offered through SDG&E's Energy Training Centers	<a href="http://sdge.com/business/learn-and-save/">sdge.com/business/learn-and-save/</a>
Southern California Gas Company (SoCalGas):	Energy efficiency workshops and other training opportunities and resources offered through The Gas Company's Energy Training Centers	<a href="http://socialgas.com/for-your-business/">socialgas.com/for-your-business/</a>

### Sponsored by California Governmental Agencies and Other Organizations

California Building Standards Commission (CBSC)	Training materials and ongoing code education opportunities throughout the state	<a href="http://bsc.ca.gov/educ/edout.aspx">bsc.ca.gov/educ/edout.aspx</a>
Bay Area Regional Energy Network (BayREN)	Coordination of Energy Code compliance enhancement activities, trainings, and resources among local governments in the nine County Bay Area region.	<a href="http://bayren.org">bayren.org</a> (select "Codes & Standards," then select from "Trainings" on the main menu)
California Building Officials (CALBO)	Educational opportunities on code changes and amendments, new technology, and more of interest to building life and safety professionals	<a href="http://calbo.org">calbo.org</a> (select options from "Education" on the main menu)
California Association of Building Energy Consultants (CABEC)	Videos and recorded webinars related to the Standards and energy conservation	<a href="http://www.cabec.org">www.cabec.org</a> (select options from the main menu)
